BITTING BROS.

Suit-ed to the Season.
Isn't it about time to be suit-ed to the season? Autumn is too far advanced to leave any doubt of its ultimate arrival, and why not keep pace with the march of the months? Until you purchase one of our new Fall Suits, you are not only out of style, but you are out of season. Don't try to make July and October swap places, but get something suited to the fashion, the season and your own taste. We are too busy to expatiate the superiority of our garments over the general run of ready to wear clothes, but ask you to come and see us tomorrow for clothing for yourself, boys or children.

It Should be a Source of Pride in all vocations to do ones best. Honesty and thoroughness are good investments and are appreciated whether in the banker, merchant, mechanic, teacher, preacher or day laborer. The clothing we sell is thoroughly made and when we sell it we honestly state its value; in fact we mark all our goods a wear-worth instead of looks-worth price, by which means you only pay for the good you get. Can you ask more? Our guarantee of satisfaction to be received goes with each article. The risk is all on our side. The wearing tells the worth. The fit of our clothing is perfect.

SOME FACTS.
It takes 7000 pieces to make a piano 4000 of these in the action, 50 to one key. A single thickness of tissue paper will cause a perceptible variation. Spruce lumber makes the best sounding boards. It is worth \$350 per thousand for the best. The iron plate of cheap pianos is common cast iron, in the best it is fine selected metal, which costs four times as much. Varnish varies from 75 cents to \$5.00 per gallon, two coats for cheap pianos, ten coats for the best. Glue from 10 to 30 cents per pound. Felts from 50 cents to \$5.00 per pound. Piano wire for strings varies more than anything else. The best pianos have the best material. The cheap pianos have the poor. Some dealers of little experience will sell you the poor for the best, not knowing the difference themselves. This is done to a great extent in this section. I have had 25 years experience in this line and know what I am talking about. I try to sell nothing but the best goods which cost three times as much as the cheaper ones that look and sound just as well while new, but soon give out. The above will apply to organs as well.

BICYCLES.
I have the Victor, Columbia, Cleveland for high grade wheels, plenty of cheaper ones. 30 wheels to select from.

WICHITA MEDICAL AND SURGICAL INSTITUTE.

—AND—
EYE AND EAR INFIRMARY.

DRS. PURDY & JORDAN
SPECIALISTS.

WICHITA, KAN., Sept. 16, 1891.
We have known Drs. Purdy & Jordan, of the Wichita Medical and Surgical Institute and Eye and Ear Infirmary, for the past six years. We can endorse them as being physicians and surgeons of skill, experience and standing. Refers Case, Sheriff, Sedgewick County. Rev. N. E. HARMON, Chaplain G. A. R. W. S. MORRIS, County Attorney. S. DENKIN, County Clergy.
R. T. Bean, L. R. Preston, J. B. Blankmore, Office, Cattle Salesman, Hog Salesman, Office of REAN, BLEAKMORE & CO., Lumber Commission Merchants, Office, Stock Yards, Exchange Building. WICHITA, KAN., Oct. 7, 1891.
For twenty-five years I have suffered from piles in the worst form, at times being unable to attend to business. On the first of February last, I placed myself under the care of Dr. Purdy & Jordan, of the Wichita Medical and Surgical Institute. At the end of three weeks I was absolutely and perfectly cured of this terrible disease which had caused me such untold pain and misery during these all these years. That I was cured in this incredibly short space of time seems now remarkable, which is true in every particular. Eight months have now elapsed and I have had no return or symptoms of my former disease.
J. B. BLANKMORE.
CATARACT—Total Blindness Cured by Operation. Below will find the statement of Mrs. Elizabeth Young, late of Wichita Kan. now of Denver, Colo.:
WICHITA, KAN., Sept. 25, 1891.
My age is 67 years. About seven years ago my right eye became afflicted, and gradually grew worse for about two years, when it became totally blind. About a year ago my left eye also became afflicted, and I consulted Dr. Purdy, who pronounced my case, cataract, and advised an operation my right eye, which he made May 1. Now, after a lapse of six months, I can see to read perfectly, and my housework, and as a test of vision, can thread a needle by artificial light, using black thread.
Miss ELIZABETH YOUNG.
WICHITA, KAN., Sept. 25, 1891.
I have been suffering from rupture for eight months, resulting from a railroad injury. On the 8th of September, I placed myself under the care of Drs. Purdy & Jordan, at the Wichita Medical and Surgical Institute. I am now entirely sound, and will return to my home tonight. I regard the Institute as first class and homelike, and cannot speak too highly of the skill of the doctors who cured me of rupture in three weeks, without any pain whatever, or any cure whatever.

The Lowest Price Dry Goods, Millinery, Cloak and Shoe House in the City.

Again we place our ad in Front of You with Facts,
And when you come to our big store you will find these same facts.

We have enlarged our store by adding the next room, 152 North Main St., giving us more square feet to display our stock, than any other house in the city. We have kept building up our store, from the small 25x50 ft room we started at 418 E. Douglas Ave, 6 years ago, to the largest most spacious and lightest building in the city, 150 and 152 North Main St.

We owe our growth to the generous and liberal public who have traded with us for 6 long years. We owe our growth to the confidence, liberal patrons have placed in us. We owe our growth to the strict and fair dealing system of ours, not found in all stores. We owe our growth to the low price system of ours, where every body is treated alike.

We have built ourselves up right along with confidence of the public. We take this method of thanking them for their liberal patronage in the past and hoping to merit same in the future.
